# How You Can Reach Us

**We're John McCoy and Mike Sells. We thank you very much for the continued privilege of serving our 38th Legislative District in the state House of Representatives.**

Our district includes the communities and neighborhoods of Everett, Marysville, and Tulalip. It is a great honor to carry our region's message to the state capital. To be sure, our "job description" has remained the same over the years. Whether we're in Olympia during the legislative session or at home the rest of the time, we answer to you and other district citizens.

In building a better Washington, we need strategies that:

- **Strengthen early learning and the K-12 schools.**
- **Enhance opportunities in the colleges and universities.**
  - **Bolster the transportation system.**
  - **Spark economic development.**
  - **Guarantee affordable health care.**

What's the "bottom line" in our work to improve our towns, our state, and our country? We'll get nowhere fast if we don't agree that Working Together is the only way to get anywhere.

**Lacey Homchick**, Representative McCoy's assistant, and **JoAnn Chapman**, Representative Sells' assistant, join us in encouraging your calls, letters, and e-mails. Tell us what you think either about the Legislature or about anything else in state government. We'll work with you as swiftly and professionally as humanly possible.

# How We Can Help You

**You're always free to contact us, especially if:**

- **You have a problem with a state agency.**

Want to vent about a state office? Don't hesitate to call or write -- we'll always listen to you. And we'll do our best to help find answers you need to get your questions and concerns tended to.

- **You have a comment about a legislative proposal.**

Want to share an opinion about a specific bill in the Legislature? In order to serve Snohomish County effectively, we need to know what you and your neighbors think about these legislative proposals. Please call or write if you want to know details about a proposed law or some other legislative matter that you've come across. We'll send you a copy of the bill and other relevant information about it. Our commitment is to do whatever it takes to answer your questions.

- **You have a legislative idea of your own.**

Want to go over a plan you think should become state law, or a suggestion to abolish a current state law? There's no denying the fact that ideas from citizens frequently win over the toughest critics!

- **You have a desire to testify on a bill.**

Want to play an even more active role in the process? If you feel exceptionally strong about a bill or issue, please consider testifying before a legislative committee. Representatives and senators need to hear what you think! Our offices will make sure you get information about the scheduling of committee-hearing dates.

- **You have a need for any other general assistance on state-government questions.**

Want to get anything else off your chest? If you want a suggestion to help resolve any other problem, we promise we'll do our best to help out! We said it before, and we'll say it again: We will work with you. Always.
